PART I – SUBJECTS 2–16

PART II – CONTRIBUTORS 16–23

PART III – BOOK REVIEWS 23–26

SUPPLEMENTS 6–8, VOLUME 155 26–31

ACKNOWLEDGEMENT TO ASSESSORS 32

Abbreviations: BR Brief Report; C Correspondence; other abbreviations given in text of index.

PART I. SUBJECTS

A hundred years ago
Dr Brown-Sequard's hypodermic fluid. Henry Rollin 571
"Is instrumental delivery a cause of idiocy?", by Fletcher Beach. Henry Rollin 424
Lunatics in Irish workhouses. Henry Rollin 872
Society for the study of inebriety. Henry Rollin 132–133
The suicide of Rudolph, Crown Prince of Austria. Henry Rollin 270
Wandering lunatics. Henry Rollin 719

Abortion. The psychiatric consequences of spontaneous abortion. Trevor Friedman and Dennis Gath 810–813

Adolescence.
Anorexia nervosa in a Swedish urban region: a population-based study. Maria Råstram *et al* 642–646
Prevalence of childhood and adolescent depression in the community: Ontario child health study. Jan E. Fleming *et al* 647–654

Adrenocorticotrophic hormone (ACTH). Consistent reduction of ACTH responses to stimulation with CRH, vasopressin and hypoglycaemia in patients with major depression. Roger G. Kathol *et al* 468–478

Adult Personality Functioning Assessment (APFA). An investigator-based standardised interview. J. Hill *et al* 24–35

Advertising. Journal contents page. Robert M. Wrate (C) 126, T. Lambert (C) 126, Hugh Freeman (C) 126

Affective disorders.
see also **Mood disorders**
Abnormal involuntary movements. Benjamin Hugh Green (*Case conference*) 707–711
Affective 'switch mechanisms'. M. W. P. Carney *et al* (C) 566
Socio-cultural parameters in Yoruba Nigerian patients with affective disorders. Roger O. A. Makanjuola 337–340

Affiliation. Functional discrimination of attachment and affiliation theory and empirical demonstration. Adrienne E. R. Sheldon and Malcolm West 18–23

Afro-Caribbeans. Violence by psychiatric in-patients. Peter Noble and Sheila Rodger 384–390

Age Concern. The Guy's/Age Concern survey. Prevalence rates of cognitive impairment, depression and anxiety in an urban elderly community. James Lindesay *et al* 317–329

Ageing.
Impaired lymphocyte stimulation in severely depressed patients: a complex interface with HPA-axis hyperfunction, noradrenergic activity and the ageing process. Michaël Maes *et al* 793–798
Lipopigment in the CNS. Ian Medley (C) 715
Neuronal lipopigment: a marker for cognitive impairment and long-term effects of psychotropic drugs. J. H. Dowson (*Maudsley Bequest Lecture 1987*) 1–11

Ageusia. The effects of loss of taste and smell in a case of anorexia nervosa and bulimia nervosa. Thomas A. Fahy *et al* (BR) 860–861

Aggression. Aggressiveness, anxiety and drugs. Kiril Kirov (*Point of view*) 846

Agoraphobia.
Perceived parental rearing styles of agoraphobic and socially phobic in-patients. W. A. Arrindell *et al* 526–535
Platelet monoamine oxidase activity and 5-hydroxytryptamine uptake in agoraphobic patients. J. Flaskos *et al* 680–685

AIDS. AIDS hypochondriasis. Hilary Warwick (C) 125–126

Albinism. Familial association of albinism and schizophrenia. David J. Clarke and Mary E. Buckley (BR) 551–553

Alcoholism.
see also **CAGE Questionnaire, Drinking, Ethanol** and **Inebriety**
Case conference correction. Robin Jacoby (C) 566–567
Molecular genetics of alcoholism. Adityanjee (C) 564–565

Altered state of consciousness (ASC). ASC and water intoxication. Sing Lee (C) 866–867

Alzheimer's disease.

see also **Dementia**

A family with Alzheimer's disease. S. V. Patel (BR) 405–408

Major depression in Down's syndrome. Andrew C. Warren *et al* 202–205

Neuronal lipopigment: a marker for cognitive impairment and long-term effects of psychotropic drugs. J. H. Dowson (*Maudsley Bequest Lecture 1987*) 1–11

Olfaction and psychiatry. P. J. Harrison and R. C. A. Pearson 822–828

Season of birth in Alzheimer's disease. Michael Philpot *et al* 662–666

Amitriptyline. Clinical assessment and performance tasks in depression: a comparison of amitriptyline and trazodone. W. A. Botros *et al* 479–482

Annotations.

Foetal learning: implications for psychiatry? Peter G. Hepper 289–293

Forensic aspects of mental handicap. Jeremy Turk 591–594

Melatonin: a new probe in psychiatric investigation? J. Arendt 585–590

Psychiatric manifestations of frontal lobe tumours. M. A. Ron 735–738

The classification of the depressions: contemporary confusion revisited. Anne Farmer and Peter McGuffin 437–443

Anorexia nervosa.

Anorexia nervosa and Chinese food. Li Siu-Wah (C) 569

Anorexia nervosa in a Swedish urban region: a population-based study. Maria Råstam *et al* 642–646

Distorting patient or distorting image? Body shape disturbance in patients with anorexia nervosa and bulimia. P. K. Bowden *et al* 196–201

The effects of loss of taste and smell in a case of anorexia nervosa and bulimia nervosa. Thomas A. Fahy *et al* (BR) 860–861

Antidepressants.

Antidepressant toxicity. Arpan K. Banerjee (C) 267–268

Is diazepam an antidepressant? John Tiller *et al* 483–489

Minaprine: an anticholinergic-free antidepressant? David Wheatley (BR) 106–107

Toxicity of antidepressants. Keith Mathews and John M. Eagles (C) 420

Anxiety.

Aggressiveness, anxiety and drugs. Kiril Kirov (*Point of view*) 846

Attitudes to anxiety. David Nutt *et al* (C) 268

Prodromes of depression and anxiety: the Stirling County Study. Jane M. Murphy *et al* 490–495

Sexual anxiety in sexual dysfunction. Diana G. Patterson and Ethna C. O'Gorman 374–378

The damnation of benzodiazepines. R. J. Kerry (C) 421–422

The Guy's/Age Concern survey. Prevalence rates of cognitive impairment, depression and anxiety in an urban elderly community. James Lindesay *et al* 317–329

Arson. The epileptic arsonist. Alan Byrne and J. B. Walsh (C) 268

Ashkenazi Jews. Psychiatric features of adult GM2 gangliosidosis. J. Streifler *et al* (BR) 410–413

Asians. The evaluation of psychiatric illness in Asian patients by the Hospital Anxiety Depression Scale. Salim Nayani (BR) 545–547

Athetoid movements. Abnormal involuntary movements. Benjamin Hugh Green (*Case conference*) 707–711

Attachment. Functional discrimination of attachment and affiliation theory and empirical demonstration. Adrienne E. R. Sheldon and Malcolm West 18–23

Australia.

Better to be depressed in Australia. . . . Alan S. Lee and Robin M. Murray (C) 123–124

. . . Or not? R. Ramana and M. W. Battersby (C) 124–125

Australian depression. L. G. Kiloh *et al* (C) 264

Better to be depressed in the sun. Richard Lament (C) 867

Life events, life difficulties and confiding relationships in the depressed elderly. Julia P. Emmerson *et al* 787–792

Suicide and related behaviour from river bridges: a clinical perspective. C. H. Cantor *et al* 829–835

Autism. A Chinese classic phenylketonuria manifested as autism. Chia Hsiang Chen and Kwang Jen Hsiao (BR) 251–253

Balint, Michael. *The Doctor, His Patient and the Illness.* (Patrick C. Pietroni, *Books reconsidered*) 134–138

Bangladesh. Sorcery and psychiatry. Francis Marks and Ian Groves (C) 131–132

Beach, Fletcher. "Is instrumental delivery a cause of idiocy?" (Henry Rollin, *A hundred years ago*) 424

Beclomethasone. Beclomethasone mania. Michael C. Phelan (C) 871–872

Behaviour disorders. Measuring behaviour disorder in mental handicap. Jens Lund 379–383

Belief. Hysteria, belief and magic. David C. Taylor (*Points of view*) 391–398

Benzodiazepines.

Benzodiazepines unabashed. Lal Fernando (C) 717

Patterns of benzodiazepine use in Great Britain as measured by a general population survey. G. C. Dunbar *et al* 836–841

The damnation of benzodiazepines. R. J. Kerry (C) 421–422

Bipolar affective disorders.

Efficacy of lithium in clinical practice. H. R. Markar and A. J. Mander 496–500

Tardive dyskinesia in bipolar affective disorder: relationship to lithium therapy. Timothy G. Dinan and Dora Kohen 55–57

The effect of lithium on cation transport measured *in vivo* in patients suffering from bipolar affective illness. A. J. Woods *et al* 504–510

Body image. Distorting patient or distorting image? Body shape disturbance in patients with anorexia nervosa and bulimia. P. K. Bowden *et al* 196–201

Books reconsidered

Psychopathic Personalities: Kurt Schneider (Kevin Standage) 271–273

The Doctor, His Patient and the Illness: Michael Balint (Patrick C. Pietroni) 134–138

The Myth of Mental Illness: Thomas S. Szasz (John Birtchnell) 425–429

Brain.

see also **CNS, Corpus callosum, Frontal lobes** and **Hemispheres**

Brain white-matter lesions and psychosis. Bruce L. Miller *et al* 73–78, Arnold E. Merriam and Angela M. Hegarty (C) 868–869

Effects of ethanol on the NMR characteristics of rat brain: acute administration, dependency and long-term effects. J. A. O. Besson *et al* 818–821

Bromocriptine.

Neuroleptic malignant syndrome and psychotic illness. Adityanjee *et al* (BR) 852–854

Neuroleptic malignant syndrome with trifluperidol. S. P. Singh *et al* (BR) 561–563

Brown-Séquard, Dr. Dr Brown-Séquard's hypodermic fluid. Henry Rollin (*A hundred years ago*) 571

Bulimia.

Distorting patient or distorting image? Body shape disturbance in patients with anorexia nervosa and bulimia. P. K. Bowden *et al* 196–201

The effects of loss of taste and smell in a case of anorexia nervosa and bulimia nervosa. Thomas A. Fahy *et al* (BR) 860–861

Burns. Remission of psychotic symptoms after burn injury. Dinesh Bhugra and Stephen G. Potts (C) 717–718

Buspirone. Comparison of diazepam and buspirone. Ian Oswald (C) 866

CAGE questionnaire. The contribution of problem drinking to the level of psychiatric morbidity in the general hospital. M. Ann Schofield 229–232

Calcium.

Calcium technique. Marcellino G. Smyth (C) 127

Treatment of extrapyramidal side-effects. Lenard A. Adler *et al* (C) 269

Cambridge Examination of Mental Disorders in the Elderly (CAMDEX). An epidemiological study of dementia in a rural population of elderly women. Carol Brayne and Paul Calloway 214–219

Canada.

How many sheltered housing places? Alan Lesage and Raymond Morissette (C) 565–566

Prevalence of childhood and adolescent depression in the community: Ontario child health study. Jan E. Fleming *et al* 647–654

Cancer. Liaison psychiatry in a breast cancer unit. Christine Dean and Penelope Hopwood (*Current literature*) 98–100

CARE. The Guy's/Age Concern survey. Prevalence rates of cognitive impairment, depression and anxiety in an urban elderly community. James Lindesay *et al* 317–329

Case conferences.

Abnormal involuntary movements. Benjamin Hugh Green 707–711

Case conference correction. Robin Jacoby (C) 566–567

Self-neglect and frontal lobe dysfunction. Martin W. Orrell *et al* 101–105

Cation transport.

The effect of lithium on cation transport measured *in vivo* in patients suffering from bipolar affective illness. A. J. Woods *et al* 504–510

The measurement of transmembrane cation transport *in vivo* in acute manic illness. A. J. Wood *et al* 501–504

Ceroidoses. Neuronal lipopigment: a marker for cognitive impairment and long-term effects of psychotropic drugs. J. H. Dowson (*Maudsley Bequest Lecture 1987*) 1–11

Childhood.

Munchausen's syndrome by proxy. A Markantonakis (C) 130–131

Phobia and childhood parental loss. James Lindesay (C) 421

Prevalence of childhood and adolescent depression in the community: Ontario child health study. Jan E. Fleming *et al* 647–654

Season of birth and childhood psychosis. Eric Fombonne 655–661

Chinese.

A Chinese classic phenylketonuria manifested as autism. Chia Hsiang Chen and Kwang Jen Hsiao (BR) 251–253

Anorexia nervosa and Chinese food. Li Siu-Wah (C) 569

Chlorpromazine. Adverse interaction between cimetidine and chlorpromazine in two cases of chronic schizophrenia. Alan Byrne and Brian O'Shea (BR) 413–415

Chromosomes.

Familial manic–depressive illness with deleted short arm of chromosome 21: coincidental or causal? Magda H. El-Badramany *et al* (BR) 856–857

Pericentric inversion chromosome 9 and personality disorder. H. V. Kumar *et al* (BR) 408–410

Cimetidine. Adverse interaction between cimetidine and chlorpromazine in two cases of chronic schizophrenia. Alan Byrne and Brian O'Shea (BR) 413–415

Classifications.

Differential classification in school refusal. L. Atkinson *et al* 191–195

The classification of the depressions: contemporary confusion revisited. Anne Farmer and Peter McGuffin (*Annotation*) 437–443

The classification of psychiatric morbidity in attenders at a dermatology clinic. S. C. Wessely and G. H. Lewis 686–691

Clifton Assessment Procedures for the Elderly (CAPE). A profile of long-stay psychogeriatric patients. Z. Hilton *et al* 782–786

Clinical practice.

The Doctor, His Patient and the Illness. Michael Balint (Patrick C. Pietroni, *Books reconsidered*) 134–138

Treatment of depression: the relevance of research for clinical practice. E. S. Paykel (*Maudsley Lecture 1988*) 754–763

CNS. Lipopigment in the CNS. Ian Medley (C) 715

Coeliac disease. Small intestine permeability in schizophrenia. M. T. Lambert *et al* 619–622

Cognition.
Cognitive aspects of panic attacks: content, course and relationship to laboratory stressors. D. Zucker *et al* 86–91
Neuronal lipopigment: a marker for cognitive impairment and long-term effects of psychotropic drugs. J. H. Dowson (*Maudsley Bequest Lecture 1987*) 1–11
Psychiatric symptoms, cognitive stress and vulnerability factors: a study in a remand prison. Timothy Harding and Erwin Zimmermann 36–43
The Guy's/Age Concern survey. Prevalence rates of cognitive impairment, depression and anxiety in an urban elderly community. James Lindesay *et al* 317–329

Cognitive/behavioural treatment. Paedophilia: a cognitive/behavioural treatment approach in a single case. Simon J. Enright (BR) 399–401

Communities.
Anorexia nervosa in a Swedish urban region: a population-based study. Maria Råstam *et al* 642–646
Epidemiology of mental disorders in young adults of a newly urbanised area in Khartoum, Sudan. Sheikh Idris A. Rahim and Marianne Cederblad 44–47
Patterns of psychotropic drug use in a Spanish rural community. J. L. Vasquez-Barquero *et al* 633–641
Prevalence of childhood and adolescent depression in the community: Ontario child health study. Jan E. Fleming *et al* 647–654
The factor structure of the General Health Questionnaire (GHQ-30): a reliability study on 6317 community residents. Felicia A. Huppert *et al* 178–185
The Guy's/Age Concern survey. Prevalence rates of cognitive impairment, depression and anxiety in an urban elderly community. James Lindesay *et al* 317–329

Community care.
Deinstitutionalisation – from hospital closure to service development. Graham Thornicroft and Paul Bebbington (*Review article*) 739–753
Evaluation of mental health care systems. Heinz Häfner and Wolfram an der Heiner 12–17
How many sheltered housing places? Alan Lesage and Raymond Morissette (C) 565–566
Physical health of the long-term mentally ill in the community: is there unmet need? Traolach S. Brugha *et al* 777–781
Physical illness in chronic psychiatric patients from a community psychiatric unit. A. Honig *et al* 58–64

Computer programs. The delineation of schizophrenia from other psychiatric illnesses. Etely Ph. Kasanetz 160–165

Computerised tomography.
Brain white-matter lesions and psychosis. Bruce L. Miller *et al* 73–78
Computerised tomography in schizophrenia: familial versus non-familial forms of illness. H. Kaiya *et al* 444–450
Mood changes after right-hemisphere lesions. Sergio E. Starkstein *et al* 79–85
Self-neglect and frontal lobe dysfunction. Martin W. Orrell *et al* (*Case conference*) 101–105

Confiding relationships. Life events, life difficulties and confiding relationships in the depressed elderly. Julia P. Emmerson *et al* 787–792

Consciousness. ASC and water intoxication. Sing Lee (C) 866–867

Corpus callosum.
Anterior tumour of the corpus callosum with atypical depression. Amgad Tanaghow *et al* (BR) 854–856
Social phobia secondary to pathological sweating. Matthew J. Edlund (BR) 403–405

Corrigendum. June 1989, **154,** 754–767 (L. Eisenberg) 424

Corticotrophin-releasing hormone (CRH). Consistent reduction of ACTH responses to stimulation with CRH, vasopressin and hypoglycaemia in patients with major depression. Roger G. Kathol *et al* 468–478

Creatinine phosphokinase. CPK levels and neuroleptic malignant syndrome. Sheelah James (C) 567

Current literature.
Brief intermittent neuroleptic prophylaxis for selected schizophrenic out-patients. H. A. McClelland *et al* 702–706
Liaison psychiatry in a breast cancer unit. Christine Dean and Penelope Hopwood 98–100

de Clérambault's syndrome.
Erotomania in a Saudi woman. A. El-Assra (BR) 553–555
Homosexual erotomania. Simon Eminson *et al* (C) 128–129

Deafness. Musical hallucinations in a deaf elderly woman. George W. Fenton and Duncan A. McRae (BR) 401–403

Deinstitutionalisation.
Deinstitutionalisation – from hospital closure to service development. Graham Thornicroft and Paul Bebbington (*Review article*) 739–753
Evaluation of mental health care systems. Heinz Häfner and Wolfram an der Heiner 12–17

Delusions.
Delusions of pregnancy in men. K. N. R. Chengappa *et al* (C) 422–423, M. S. Bhate *et al* (C) 423–424
Successful treatment of chronic delusional parasitosis. Carolyn Mitchell (BR) 556–557

Dementia.
An epidemiological study of dementia in a rural population of elderly women. Carol Brayne and Paul Calloway 214–219
Chronic psychosis in Turner's syndrome: case report and a review. J. S. Bamrah and M. E. Mackay (BR) 857–859
Drug treatments of dementia. L. J. Whalley (*Review article*) 595–611
Nicotine and dementia. David J. Grant *et al* (C) 716

Depressive disorders.
see also **Antidepressants**
A comparison of early-onset and late-onset depressive illness in the elderly. P. W. Burvill *et al* 673–679
A study of the effects of desipramine treatment alone and in combination with L-triiodothyronine on 6-

sulphatoxymelatonin excretion in depressed patients. J. Bearn *et al* 341–347
Anterior tumour of the corpus callosum with atypical depression. Amgad Tanaghow *et al* (BR) 854–856
Australian depression. L. G. Kiloh *et al* (C) 264
Better to be depressed in Australia. . . . Alan S. Lee and Robin M. Murray (C) 123–124
. . . Or not? R. Ramana and M. W. Battersby (C) 124–125
Better to be depressed in the sun. Richard Lament (C) 867
Clinical assessment and performance tasks in depression: a comparison of amitriptyline and trazodone. W. A. Botros *et al* 479–482
Consistent reduction of ACTH responses to stimulation with CRH, vasopressin and hypoglycaemia in patients with major depression. Roger G. Kathol *et al* 468–478
Depression before and after age 65: a re-examination. Laura Musetti *et al* 330–336
Depression-dependent exacerbation of tardive dyskinesia. Perminder S. Sachdev (BR) 253–255, R. Coleman (C) 716–717
DSM–III major depressive disorder in the community: a latent class analysis of data from the NIMH Epidemiologic Catchment Area Programme. William W. Eaton *et al* 48–54
ECT in old age. Katy Malcolm and Malcolm Peet (C) 713–714
Impaired lymphocyte stimulation in severely depressed patients: a complex interface with HPA-axis hyperfunction, noradrenergic activity and the ageing process. Michaël Maes *et al* 793–798
Life events, life difficulties and confiding relationships in the depressed elderly. Julia P. Emmerson *et al* 787–792
Major depression in Down's syndrome. Andrew C. Warren *et al* 202–205
Platelet monoamine oxidase activity and 5-hydroxytryptamine uptake in agoraphobic patients. J. Flaskos *et al* 680–685
Prodromes of depression and anxiety: the Stirling County study. Jane M. Murphy *et al* 490–495
Self-harm and depressive disorder. Laurent Théret and J. G. Pascalis (C) 868
The classification of the depressions: contemporary confusion revisited. Anne Farmer and Peter McGuffin (*Annotation*) 437–443
The genetics of depression and manic–depressive disorder. Peter McGuffin and Randy Katz (*Review article*) 294–304
The Guy's/Age Concern survey. Prevalence rates of cognitive impairment, depression and anxiety in an urban elderly community. James Lindesay *et al* 317–329
The predictive value of the dexamethasone suppression test: a placebo-controlled study. Eric D. Peselow *et al* 667–672
The psychiatric consequences of spontaneous abortion. Trevor Friedman and Dennis Gath 810–813
The role of electroconvulsive therapy in the treatment of depressive illness in old age. S. M. Benbow (*Review article*) 147–152
Treatment of depression: the relevance of research for clinical practice. E. S. Paykel (*Maudsley Lecture 1988*) 754–763
Unresolved grief presenting with features of a negative therapeutic reaction. Anne M. Nightingale (BR) 862–864

Desipramine. A study of the effects of desipramine treatment alone and in combination with L-triiodothyronine on 6-sulphatoxymelatonin excretion in depressed patients. J. Bearn *et al* 341–347

Despotism. Psychiatric despotism. Gerald Samuel (C) 568–569

Dexamethasone suppression test (DST). The predictive value of the dexamethasone suppression test: a placebo-controlled study. Eric D. Peselow *et al* 667–672

Diabetes.
Abnormal eating attitudes in young insulin-dependent diabetics. J. M. Steel *et al* 515–521
Chronic psychosis in Turner's syndrome: case report and a review. J. S. Bamrah and M. E. Mackay (BR) 857–859

Diazepam.
Comparison of diazepam and buspirone. Ian Oswald (C) 866
Is diazepam an antidepressant? John Tiller *et al* 483–489

Discriminant function analysis.
Disturbed endocrine function in the psychoses. II. Discriminant function analysis of multihormone data. L. J. Whalley *et al* 462–467
Wilson's disease: a prospective study of psychopathology in 31 cases. T. R. Dening and G. E. Berrios 206–213

Dolls.
A case of doll phobia. Simon Hatcher (BR) 255–257
Doll phobia revisited. Isaac Marks (C) 713

Dopamine. Beyond the dopamine hypothesis: the neurochemical pathology of schizophrenia. G. P. Reynolds (*Review article*) 305–316

'Double-blindness'. Is your 'double-blind' design truly double-blind? Alison Oxtoby *et al* (*Point of view*) 700–701

Down's syndrome. Major depression in Down's syndrome. Andrew C. Warren *et al* 202–205

Drinking.
Compulsive water drinkers. John A. Cooney (C) 266
The contribution of problem drinking to the level of psychiatric morbidity in the general hospital. M. Ann Schofield 229–232
Toxicity of hospital water. J. R. King and N. J. Birch (C) 420–421

Drugs.
Aggressiveness, anxiety and drugs. Kiril Kirov (*Point of view*) 846
Drug treatments of dementia. L. J. Whalley (*Review article*) 595–611
Patterns of psychotropic drug use in a Spanish rural community. J. L. Vásquez-Barquero *et al* 633–641

Drugs, general. *see* **Antidepressants, Heavy metals, Neuroleptics, Opiates** and **Psychotropic drugs**

Drugs, specific. *see* **Amitriptyline, Beclomethazone, Benzodiazepines, Bromocriptine, Buspirone, Calcium,**

Chlorpromazine, Cimetidine, Desipramine, Dexamethasone, Diazepam, Dopamine, Ethanol, Fluvoxamine, Haloperidol, Hydroxytryptamine, Imipramine, Insulin, Lithium, Melatonin, Mianserin, Minaprine, Monoamine oxidase, Nicotine, Paroxetine, Pimozide, Thioxanthines, Trazodone, Trifluperidol, Triiodothyronine and **Vasopressin**

DSM–III.
Computerised tomography in schizophrenia: familial versus non-familial forms of illness. H. Kaiya *et al* 444–450
DSM–III major depressive disorder in the community: a latent class analysis of data from the NIMH Epidemiologic Catchment Area Programme. William W. Eaton *et al* 48–54
Self-harm and depressive disorder. Laurent Théret and J. G. Pascalis (C) 868

DSM–III–R.
French empirical criteria for the diagnosis of non-affective non-organic psychoses: comparison between the criteria suggested by Professors Pull and Pichot and those of DSM–III–R. Alexander M. P. Kellam, 153–159
Self-harm and depressive disorder. Laurent Théret and J. G. Pascalis (C) 868

Dyskinesia, tardive.
Depression-dependent exacerbation of tardive dyskinesia. Perminder S. Sachdev (BR) 253–255, R. Coleman (C) 716–717
Tardive dyskinesia in bipolar affective disorder: relationship to lithium therapy. Timothy G. Dinan and Dora Kohen 55–57

Dystonia.
Tardive dystonia: the benefits of time. S. J. Cooper *et al* (BR) 113–115
Tardive dystonia. Helen Chiu (C) 715–716
Transient recurrence of auditory hallucinations during acute dystonia. Leo P. W. Chiu (BR) 110–113

Eating attitudes. Abnormal eating attitudes in young insulin-dependent diabetics. J. M. Steel *et al* 515–521

Eccentricity. Pre-morbid psychopathology in schizophrenia spectrum. Josef Parnas and Aage Jorgensen 623–627

Elderly.
see also **Ageing, Old age** and **Psychogeriatric patients**
A comparison of early-onset and late-onset depressive illness in the elderly. P. W. Burvill *et al* 673–679
An epidemiological study of dementia in a rural population of elderly women. Carol Brayne and Paul Calloway 214–219
Depression before and after age 65: a re-examination. Laura Musetti *et al* 330–336
Life events, life difficulties and confiding relationships in the depressed elderly. Julia P. Emmerson *et al* 787–792
Mania in the elderly. Kit Stone 220–224
Musical hallucinations in a deaf elderly woman. George W. Fenton and Duncan A. McRea (BR) 401–403
Prospects of rehabilitation for elderly schizophrenics. G. C. Lyketsos *et al* 451–454
The Guy's/Age Concern survey. Prevalence rates of cognitive impairment, depression and anxiety in an urban elderly community. James Lindesay *et al* 317–329

Electroconvulsive therapy (ECT).
ECT in old age. Katy Malcolm and Malcolm Peet (C) 713–714
Failure to convulse with ECT. Vittorio di Michele *et al* (C) 869–870
Practical administration of ECT. Carl S. Johns (C) 265
Status epilepticus after electroconvulsive therapy. Allan I. F. Scott and William Riddle (BR) 119–121
The role of electroconvulsive therapy in the treatment of depressive illness in old age. S. M. Benbow (*Review article*) 147–152

Emotions. Schizophrenia and the perception of emotions: how accurately do schizophrenics judge the emotional states of others? P. Cramer *et al* 225–228

Endocrine disorders.
Disturbed endocrine function in the psychoses. I. Disordered homeostasis or disease process. L. J. Whalley *et al* 455–461
Disturbed endocrine function in the psychoses. II. Discriminant function analysis of multihormone data. L. J. Whalley *et al* 462–467
Paedophilia and hyperprolactinaemia. Paul Harrison *et al* (BR) 847–848

Epilepsy.
Chronic psychosis in Turner's syndrome: case report and a review. J. S. Bamrah and M. E. Mackay (BR) 857–859
Clinical and therapeutic monitoring of epilepsy in a mental handicap unit. R. A. Collacott *et al* 522–525
Epilepsy and violence. C. G. Hindler (BR) 246–249
Flaubert's complaint. Paul Crichton (C) 421
The epileptic arsonist. Alan Byrne and J. B. Walsh (C) 268

Erotomania.
Erotomania in a Saudi woman. A. El-Assra (BR) 553–555
Homosexual erotomania. Simon Eminson *et al* (C) 128–129

Ethanol. Effects of ethanol on the NMR characteristics of rat brain: acute administration, dependency and long-term effects. J. A. O. Besson *et al* 818–821

Extrapyramidal side-effects. Treatment of extrapyramidal side-effects. Lenard A. Adler *et al* (C) 269

Eysenck Personality Inventory. Epidemiology of mental disorders in young adults of a newly urbanised area in Khartoum, Sudan. Sheikh Idris A. Rahim and Marianne Cederblad 44–47

Factor analysis.
The factor structure of the General Health Questionnaire (GHQ-30): a reliability study on 6317 community residents. Felicia A. Huppert *et al* 178–185
Wilson's disease: a prospective study of psychopathology in 31 cases. T. R. Dening and G. E. Berrios 206–213

Family.
A family with Alzheimer's disease. S. V. Patel (BR) 405–408

Computerised tomography in schizophrenia: familial versus non-familial forms of illness. H. Kaiya *et al* 444–450
Familial association of albinism and schizophrenia. David J. Clarke and Mary E. Buckley (BR) 551–553
Familial manic–depressive illness with deleted short arm of chromosome 21: coincidental or causal? Magda H. El-Badramany *et al* (BR) 856–857
Family therapy for schizophrenia. E. M. Waring *et al* (C) 122–123, Julian Leff *et al* (C) 123
Flaubert, Gustave. Flaubert's complaint. Paul Crichton (C), 421
Fluvoxamine. Antidepressant toxicity. Arpan K. Banerjee (C) 267–268
Foetus. Foetal learning: implications for psychiatry? Peter G. Hepper (*Annotation*) 289–293
Forceps delivery. "Is instrumental delivery a cause of idiocy?" by Fletcher Beach. Henry Rollin (*A hundred years ago*) 424
Forensic psychiatry. Forensic aspects of mental handicap. Jeremy Turk (*Annotation*) 591–594
Fractures. Fractured femurs in the mentally handicapped. J. Jancar (C) 712
French concepts. French empirical criteria for the diagnosis of non-affective non-organic psychoses: comparison between the criteria suggested by Professors Pull and Pichot and those of DSM–III–R. Alexander M. P. Kellam, 153–159
Frontal lobes.
Psychiatric manifestations of frontal lobe tumours. M. A. Ron (*Annotation*) 735–738
Self-neglect and frontal lobe dysfunction. Martin W. Orrell *et al* (*Case conference*) 101–105

Gallup survey. Patterns of benzodiazepine use in Great Britain as measured by a general population survey. G. C. Dunbar *et al* 836–841
Gangliosidosis. Psychiatric features of adult GM2 gangliosidosis. J. Streifler *et al* (BR) 410–413
General Health Questionnaire (GHQ).
Chronic psychiatric complaints and the General Health Questionnaire. M. W. J. Koeter *et al* 186–190
Psychiatric symptoms, cognitive stress and vulnerability factors: a study in a remand prison. Timothy Harding and Erwin Zimmermann 36–43
The factor structure of the General Health Questionnaire (GHQ-30): a reliability study on 6317 community residents. Felicia A. Huppert *et al* 178–185
Genetics.
Concordance by sex in sibling pairs with schizophrenia is paternally inherited: evidence for a pseudoautosomal locus. Timothy J. Crow *et al* (*Point of view*) 92–97
Molecular genetics of alcoholism. Adityanjee (C) 564–565
The genetics of depression and manic–depressive disorder. Peter McGuffin and Randy Katz (*Review article*) 294–304
Grampian. The prevalence and patterns of care of Huntington's chorea in Grampian. S. A. Simpson and A. W. Johnston 799–804
Grief. Unresolved grief presenting with features of a negative therapeutic reaction. Anne M. Nightingale (BR) 862–864
Guy's campus. The Guy's/Age Concern survey. Prevalence rates of cognitive impairment, depression and anxiety in an urban elderly community. James Lindesay *et al* 317–329

Hallucinations.
Musical hallucinations in a deaf elderly woman. George W. Fenton and Duncan A. McRae (BR) 401–403
Oculogyric crises and schizophrenia. D. G. C. Rogers (C) 569–570.
Transient recurrence of auditory hallucinations during acute dystonia. Leo P. W. Chiu (BR) 110–113
Haloperidol. Neuroleptic malignant syndrome in a case of post-partum psychosis. D. K. Price *et al* (BR) 849–852
Haslam, John.
Haslam's schizophrenia. Robert J. M. W. Howard (C) 265–266
Interpretation of historical evidence. Edward Hare (C) 418–419
Head injury. The effects of loss of taste and smell in a case of anorexia nervosa and bulimia nervosa. Thomas A. Fahy *et al* (BR) 860–861
Heavy metals. Toxicity of hospital water. J. R. King and N. J. Birch (C) 420–421
Hemispheres. Mood changes after right-hemisphere lesions. Sergio E. Starkstein *et al* 79–85
History.
Historical melancholia. William A. Frosch (C) 713
Interpretation of historical evidence. Edward Hare (C) 418–419
The history of general hospital psychiatry. Richard Mayou 764–776
HIV.
HIV infection: psychiatric findings in the Netherlands. Herman N. Sno *et al* 814–817
HIV testing in psychiatry. Danitza Jadresic (C) 422
Homeostasis. Disturbed endocrine function in the psychoses. I. Disordered homeostasis or disease process. L. J. Whalley *et al* 455–461
Homosexuality. Homosexual erotomania. Simon Eminson *et al* (C) 128–129
Hospital Anxiety Depression (HAD) Scale. The evaluation of psychiatric illness in Asian patients by the Hospital Anxiety Depression Scale. Salim Nayani (BR) 545–547
Hospitals.
see also **In-patients**
Deinstitutionalisation – from hospital closure to service development. Graham Thornicroft and Paul Bebbington (*Review article*) 739–753
Evaluation of mental health care systems. Heinz Häfner and Wolfram an der Heiner 12–17
The contribution of problem drinking to the level of psychiatric morbidity in the general hospital. M. Ann Schofield 229–232
The history of general hospital psychiatry. Richard Mayou 764–776
Toxicity of hospital water. J. R. King and N. J. Birch (C) 420–421

Huntington's chorea. The prevalence and patterns of care of Huntington's chorea in Grampian. S. A. Simpson and A. W. Johnston 799–804

Hydroxytryptamine. Platelet monoamine oxidase activity and 5-hydroxytryptamine uptake in agoraphobic patients. J. Flaskos *et al* 680–685

Hyperprolactinaemia. Paedophilia and hyperprolactinaemia. Paul Harrison *et al* (BR) 847–848

Hyperventilation. Hyperventilation: is it a cause of panic attacks? George Hibbert and David Pilsbury 805–809

Hypochondriasis. AIDS hypochondriasis. Hilary Warwick (C) 125–126

Hypoglycaemia. Consistent reduction of ACTH responses to stimulation with CRH, vasopressin and hypoglycaemia in patients with major depression. Roger G. Kathol *et al* 468–478

Hysteria.
Hysteria, belief and magic. David C. Taylor (*Point of view*) 391–398
The myth of hysteria as illness. Nick Child (C) 865–866

Idiocy. "Is instrumental delivery a cause of idiocy?", by Fletcher Beach. Henry Rollin (*A hundred years ago*) 424

Imipramine. The predictive value of the dexamethasone suppression test: a placebo-controlled study. Eric D. Peselow *et al* 667–672

Immune competence. Impaired lymphocyte stimulation in severely depressed patients: a complex interface with HPA-axis hyperfunction, noradrenergic activity and the ageing process. Michaël Maes *et al* 793–798

In-patients.
A profile of long-stay psychogeriatric patients. Z. Hilton *et al* 782–786
Perceived parental rearing styles of agoraphobic and socially phobic in-patients. W. A. Arrindell *et al* 526–535
Role of modelling in in-patient suicide: a lack of supporting evidence. Jiří Modestin and Othmar Würmle 511–514
The Scottish survey of new chronic in-patients: five-year follow-up. R. G. McCreadie and E. McCannell 348–351
Violence by psychiatric in-patients. Peter Noble and Sheila Rodger 384–390

Incest.
Trichotillomania. Caroline Sullivan (C) 869
Trichotillomania and incest. Ashok N. Singh and James Maguire (BR) 108–110

Inebriety. Society for the study of inebriety. Henry Rollin (*A hundred years ago*) 132–133

Inheritance. A family with Alzheimer's disease. S. V. Patel (BR) 405–408

Insanity. US visas and 'insanity'. Nick Craddock and Bridget Craddock (C) 712–713

Insulin. Abnormal eating attitudes in young insulin-dependent diabetics. J. M. Steel *et al* 515–521

Intestines. Small intestine permeability in schizophrenia. M. T. Lambert *et al* 619–622

Intracranial hypertension. Benign intracranial hypertension and repeated self-mutilation. Clive G. Ballard (C) 570–571

Ireland. Lunatics in Irish workhouses. Henry Rollin (*A hundred years ago*) 872

Jealousy, pathological. Pimozide in pathological jealousy. Samuel I. Cohen (C) 714

Journal. Journal contents page. Robert M. Wrate (C) 126, T. Lambert (C) 126, Hugh Freeman (C) 126

Khartoum. Epidemiology of mental disorders in young adults of a newly urbanised area in Khartoum, Sudan. Sheikh Idris A. Rahim and Marianne Cederblad 44–47

Kraepelin, Emil. Age at puberty and mental illness: towards a neurodevelopmental aetiology of Kraepelin's endogenous psychoses. Letten F. Saugstad (*Point of view*) 536–544

Laboratory investigations. Benefits and problems of routine laboratory investigations in adult psychiatric admissions. Anthony J. White and Brian Barraclough 65–72

Latent class analysis. DSM–III major depressive disorder in the community: a latent class analysis of data from the NIMH Epidemiologic Catchment Area Programme. William W. Eaton *et al* 48–54

Learning. Foetal learning: implications for psychiatry? Peter G. Hepper (*Annotation*) 289–293

Lectures.
Neuronal lipopigment: a marker for cognitive impairment and long-term effects of psychotropic drugs. J. H. Dowson (*Maudsley Bequest Lecture 1987*) 1–11
Treatment of depression: the relevance of research for clinical practice. E. S. Paykel (*Maudsley Lecture 1988*) 754–763

Liaison.
Liaison psychiatry in a breast cancer unit. Christine Dean and Penelope Hopwood (*Current literature*) 98–100
Obstetric liaison. Gabrielle Milner (C) 127, Michael Farrell *et al* (C) 264–265, Simon R. Wilkinson (C) 265

Life events. Life events, life difficulties and confiding relationships in the depressed elderly. Julia P. Emmerson *et al* 787–792

Lipopigments.
Lipopigment in the CNS. Ian Medley (C) 715
Neuronal lipopigment: a marker for cognitive impairment and long-term effects of psychotropic drugs. J. H. Dowson (*Maudsley Bequest Lecture 1987*) 1–11

LISREL. Adult Personality Functioning Assessment (APFA). An investigator-based standardised interview. J. Hill *et al* 24–35

Lithium.
Efficacy of lithium in clinical practice. H. R. Markar and A. J. Mander 496–500
Tardive dyskinesia in bipolar affective disorder: relationship to lithium therapy. Timothy G. Dinan and Dora Kohen 55–57
The effect of lithium on cation transport measured *in vivo* in patients suffering from bipolar affective illness. A. J. Woods *et al* 504–510

Lunatics.
Lunatics in Irish workhouses. Henry Rollin (*A hundred years ago*) 872
Wandering lunatics. Henry Rollin (*A hundred years ago*) 719
Lymphocytes. Impaired lymphocyte stimulation in severely depressed patients: a complex interface with HPA-axis hyperfunction, noradrenergic activity and the ageing process. Michaël Maes *et al* 793–798

Magic. Hysteria, belief and magic. David C. Taylor (*Point of view*) 391–398
Magnetic resonance imaging. Brain white-matter lesions and psychosis. Bruce L. Miller *et al* 73–78
Mania.
Beclomethasone mania. Michael C. Phelan (C) 871–872
Mania in the elderly. Kit Stone 220–224
Mania in a five-year-old child with tuberous sclerosis. Rakesh Khanna and Milind Borde (BR) 117–119
The measurement of transmembrane cation transport *in vivo* in acute manic illness. A. J. Wood *et al* 501–504
Manic–depressive disorder.
Familial manic–depressive illness with deleted short arm of chromosome 21: coincidental or causal? Magda H. El-Badramany *et al* (BR) 856–857
The genetics of depression and manic–depressive disorder. Peter McGuffin and Randy Katz (*Review article*) 294–304
Maternal age. Schizophrenia, season of birth, and maternal age. Pak Sham (C) 128
Maternity blues.
I. Detection and measurement by questionnaire. Helen Kennerley and Dennis Gath 356–362
II. A comparison between post-operative women and post-natal women. Susan Iles *et al* 363–366
III. Associations with obstetric, psychological and psychiatric factors. Helen Kennerley and Dennis Gath 367–373
Medical Research Council – Handicaps, Behaviours and Skills schedule (MRC–HBS). Measuring behaviour disorder in mental handicap. Jens Lund 379–383
Melancholia. Historical melancholia. William A. Frosch (C) 713
Melatonin. Melatonin: a new probe in psychiatric investigation? J. Arendt (*Annotation*) 585–590
Men. Delusions of pregnancy in men. K. N. R. Chengappa *et al* (C) 422–423, M. S. Bhate *et al* (C) 423–424
Mental disorders.

Obstetric liaison. Gabrielle Milner (C) 127, Michael Farrell *et al* (C) 264–265, Simon R. Wilkinson (C) 265
Oculogyric crises. Oculogyric crises and schizophrenia. D. G. C. Rogers (C) 569–570
Old age.
ECT in old age. Katy Malcolm and Malcolm Peet (C) 713–714
The role of electroconvulsive therapy in the treatment of depressive illness in old age. S. M. Benbow (*Review article*) 147–152
Olfaction.
Olfaction and psychiatry. P. J. Harrison and R. C. A. Pearson 822–828
The effects of loss of taste and smell in a case of anorexia nervosa and bulimia nervosa. Thomas A. Fahy *et al* (BR) 860–861
Opiates.
The opiate prescribing debate continued. John Marks (C) 566
Unreliable urine samples. Steve Brown (C) 130
Orgasms.
Spontaneous orgasms – an explanation? Cherian Verghese (C) 870
Spontaneous orgasms – any explanations. A. K. Al-Sheikhli (C) 269–270
Outcome.
Assessment of outcome. Ian R. H. Falloon (C) 419–420
Outcome in unipolar affective disorder after stereotactic tractotomy. L. M. Lovett *et al* (BR) 547–550
The significance of stupor in the long-term outcome of chronic schizophrenia. J. C. Rigby *et al* 352–355

Paedophilia.
Paedophilia: a cognitive/behavioural treatment approach in a single case. Simon J. Enright (BR) 399–401
Paedophilia and hyperprolactinaemia. Paul Harrison *et al* (BR) 847–848
Panic attacks.
Cognitive aspects of panic attacks: content, course and relationship to laboratory stressors. D. Zucker *et al* 86–91
Hyperventilation: is it a cause of panic attacks? George Hibbert and David Pilsbury 805–809
Paradoxical intervention. Paradoxical intervention. T. W. Fan (C) 567–568
Parasitosis. Successful treatment of chronic delusional parasitosis. Carolyn Mitchell (BR) 556–557
Parents.
Perceived parental rearing styles of agoraphobic and socially phobic in-patients. W. A. Arrindell *et al* 526–535
Phobia and childhood parental loss. James Lindesay (C) 421
Paris. Season of birth and childhood psychosis. Eric Fombonne 655–661
Parkinson's disease. Olfaction and psychiatry. P. J. Harrison and R. C. L. Pearson 822–828
Paroxetine. The predictive value of the dexamethasone suppression test: a placebo-controlled study. Eric D. Peselow *et al* 667–672
Peculiarity. Pre-morbid psychopathology in schizophrenia spectrum. Josef Parnas and Aage Jorgensen 623–627
Perception. Schizophrenia and the perception of emotions: how accurately do schizophrenics judge the emotional states of others? P. Cramer *et al* 225–228
Personality disorders.
Adult Personality Functioning Assessment (APFA). An investigator-based standardised interview. J. Hill *et al* 24–35
Multiple personality disorder. Michael A. Simpson (C) 565

Pericentric inversion chromosome 9 and personality disorder. H. V. Kumar *et al* (BR) 408–410

Pervasive developmental disorders. Pervasive developmental disorders and psychoses in adult life. David J. Clarke *et al* 692–699

Phenylketonuria. A Chinese classic phenylketonuria manifested as autism. Chia Hsiang Chen and Kwang Jen Hsiao (BR) 251–253

Phobias.
Doll phobia. Simon Hatcher (BR) 235–237
Doll phobia revisited. Isaac Marks (C) 713
Perceived parental rearing styles of agoraphobic and socially phobic in-patients. W. A. Arrindell *et al* 526–535
Phobia and childhood parental loss. James Lindesay (C) 421
Social phobia secondary to pathological sweating. Matthew J. Edlund (BR) 403–405

Phototherapy. Better to be depressed in the sun. Richard Lament (C) 867

Physical disorders.
Benefits and problems of routine laboratory investigations in adult psychiatric admissions. Anthony J. White and Brian Barraclough 65–72
Physical health of the long-term mentally ill in the community: is there unmet need? Traolach S. Brugha *et al* 777–781
Physical illness in chronic psychiatric patients from a community psychiatric unit. A. Honig *et al* 58–64
Physical morbidity of psychiatric patients. C. G. Ballard (C) 717

Pichot, M. C. *see* **Pull, C. B.**

Pimozide.
Pimozide in pathological jealousy. Alan Byrne and Lakshmi N. Yatham (BR) 249–251, Samuel I. Cohen (C) 714
Successful treatment of chronic delusional parasitosis. Carolyn Mitchell (BR) 556–557

Platelets. Platelet monoamine oxidase activity and 5-hydroxytryptamine uptake in agoraphobic patients. J. Flaskos *et al* 680–685

Supplements 6–8, Volume 155

Abbreviations: S6, S7 and S8 = supplements 6, 7 and 8 respectively. Supplement 5, Volume 155, July 1989, carried its own index.

PART I. SUBJECTS

Affective disorders.
see also **Anxiety** and **Depressive disorders**
Depression, affect and negative symptoms in schizophrenia. J.-P. Lindenmayer and Stanley R. Kay (S7) 108–114

Aggression. Central serotonin and impulsive aggression. Emil F. Coccaro (S8) 52–62

Animal studies.
see also **Rats**
Central serotonin and impulsive aggression. Emil F. Coccaro (S8) 52–62

Anorexia. Reduction of food intake by manipulation of central serotonin: current experimental results. S. Garattini *et al* (S8) 41–51

Antidepressants.
A European study of views on the use of monoamine oxidase inhibitors. E. S. Paykel and J. L. White (S6) 9–17
Antidepressants in panic disorders. M. R. Liebowitz (S6) 46–52
Editor's preface: antidepressants of the future. R. G. Priest (S6) 7–8
Suicide and antidepressant overdosage in general practice. G. Beaumont (S6) 27–31
The antidepressant effects of 5-HT uptake inhibitors. Anna Åberg-Wistedt (S8) 32–40

Anxiety disorders. A European study of views on the use of monoamine oxidase inhibitors. E. S. Paykel and J. L. White (S6) 9–17

Behavioural disorders. Obsessive–compulsive disorder as a 5-HT subsystem-related behavioural disorder. D. L. Murphy *et al* (S8) 15–24

Brain.
see also **Rats**
A current view of the type II syndrome: age of onset, intellectual impairment, and the meaning of structural changes in the brain. T. J. Crow (S7) 15–20

Cheese reactions.
The pharmacology of reversible monoamine oxidase inhibitors. R. Amrein *et al* (S6) 66–71
Tyramine and irreversible monoamine oxidase inhibitors in clinical practice. A. J. Cooper (S6) 38–45
Tyramine and new monoamine oxidase inhibitor drugs. G. M. Simpson and J. de Lion (S6) 32–37

Clinical practice. Tyramine and irreversible monoamine oxidase inhibitors in clinical practice. A. J. Cooper (S6) 38–45

Clomipramine. Obsessive–compulsive disorder as a 5-HT subsystem-related behavioural disorder. D. L. Murphy *et al* (S8) 15–24

Depressive disorders.
see also **Antidepressants**
A double-blind comparative trial of moclobemide v. imipramine and placebo in major depressive episodes. M. Versiano *et al* (S6) 72–77
A European study of views on the use of monoamine oxidase inhibitors. E. S. Paykel and J. L. White (S6) 9–17
Depression, affect and negative symptoms in schizophrenia. J.-P. Lindenmayer and Stanley R. Kay (S7) 108–114
Effect of a reversible monoamine oxidase-A inhibitor (moclobemide) on sleep of depressed patients. J. M. Monti (S6) 61–65

Efficacy and tolerability of moclobemide compared with imipramine in depressive disorder (DSM–III): an Austrian double-blind, multicentre study. U. Baumhackl *et al* (S6) 78–83
Evidence for the 5-HT hypothesis of suicide: a review of post-mortem studies. J. J. Mann *et al* (S8) 7–14
Negative symptoms, tardive dyskinesia and depression in chronic schizophrenia. Thomas R. E. Barnes *et al* (S7) 99–103
Serotonergic dysfunction in depression. Herbert Meltzer (S8) 25–31
The genetics of depression: current approaches. P. McGuffin and R. Katz (S6) 18–26

Diagnosis. The diagnostic specificity of negative symptoms and their psychopathological context. Ch. Mundt *et al* (S7) 32–36

Drugs, general *see* **Antidepressants, Monoamine oxidase inhibitors** and **TCAs**

Drugs, specific *see* **Clomipramine, Fenfluramine, Hydroxytryptamine, Imipramine, Moclobemide, Serotonin, Sertraline, Tranylcypromine** and **Tyramine**

DSM–III.
A double-blind comparative trial of moclobemide v. imipramine and placebo in major depressive episodes. M. Versiano *et al* (S6) 72–77
Efficacy and tolerability of moclobemide compared with imipramine in depressive disorder (DSM–III): an Austrian double-blind, multicentre study. U. Baumhackl *et al* (S6) 78–83

Dyskinesia. Negative symptoms, tardive dyskinesia and depression in chronic schizophrenia. Thomas R. E. Barnes *et al* (S7) 99–103

Features. The assessment of negative and positive features in schizophrenia. Eve C. Johnstone (S7) 41–44

Fenfluramine. Reduction of food intake by manipulation of central serotonin: current experimental results. G. Garattini *et al* (S8) 41–51

General practice. Suicide and antidepressant overdosage in general practice. G. Beaumont (S6) 27–31

Genetics. The genetics of depression: current approaches. P. McGuffin and R. Katz (S6) 18–26

Gross, Dr G. Commentary on the contributions of Professor H. Sass, Dr G. Gross and Dr Ch. Mundt *et al* on 'negative' and 'basic' symptoms of schizophrenia. Sir Martin Roth (S7) 37–40

Hamilton Rating Scale for Depression (HRSD).
A double-blind comparative trial of moclobemide v. imipramine and placebo in major depressive episodes. M. Versiano *et al* (S6) 72–77
Efficacy and tolerability of moclobemide compared with imipramine in depressive disorder (DSM–III): an Austrian double-blind, multicentre study. U. Baumhackl *et al* (S6) 78–83
Serotonergic dysfunction in depression. Herbert Meltzer (S8) 25–31

History. The historical evolution of the concept of negative symptoms of schizophrenia. Henning Sass (S7) 26–31

5-hydroxyindoleacetic acid (5-HIAA).
Serotonergic dysfunction in depression. Herbert Meltzer (S8) 25–31
The antidepressant effects of 5-HT uptake inhibitors. Anna Åberg-Wistedt (S8) 32–40

5-hydroxytryptamine (5-HT).
see also **Serotonin**
Evidence for the 5-HT hypothesis of suicide: a review of post-mortem studies. J. J. Mann *et al* (S8) 7–14
Obsessive–compulsive disorder as a 5-HT subsystem-related behavioural disorder. D. L. Murphy *et al* (S8) 15–24
The antidepressant effects of 5-HT uptake inhibitors. Anna Åberg-Wistedt (S8) 32–40

Hypertensive crises.
Biochemical aspects of the pharmacology of moclobemide: the implications of animal studies. B. A. Callingham (S6) 53–60
Tyramine and irreversible monoamine oxidase inhibitors in clinical practice. A. J. Cooper (S6) 38–45
Tyramine and new monoamine oxidase inhibitor drugs. G. M. Simpson and J. de Lion (S6) 32–37

Imipramine.
A double-blind comparative trial of moclobemide v. imipramine and placebo in major depressive episodes. M. Versiano *et al* (S6) 72–77
Efficacy and tolerability of moclobemide compared with imipramine in depressive disorder (DSM–III): an Austrian double-blind, multicentre study. U. Baumhackl *et al* (S6) 78–83
Serotonergic dysfunction in depression. Herbert Meltzer (S8) 25–31

Introductions.
Negative symptoms in schizophrenia. Thomas R. E. Barnes (S7) 8–9
Serotonin in behavioural disorders. Donald Eccleston (S8) 5

Journal. Supplement policy of the *Journal*. H. L. Freeman (S6) 6

Manchester Scale. The Manchester Scale: a standardised psychiatric assessment for rating chronic psychotic patients. Clive E. Hyde (S7) 45

Mannheim experience. The WHO Psychological Impairments Rating Schedule (WHO/PIRS). II. Impairments in schizophrenics in cross-sectional and longitudinal perspective – the Mannheim experience in two independent samples. H. Biehl *et al* (S7) 71–77

Moclobemide.
A double-blind comparative trial of moclobemide v. imipramine and placebo in major depressive episodes. M. Versiano *et al* (S6) 72–77
Biochemical aspects of the pharmacology of moclobemide: the implications of animal studies. B. A. Callingham (S6) 53–60

Effect of a reversible monoamine oxidase-A inhibitor (moclobemide) on sleep of depressed patients. J. M. Monti (S6) 61–65
Efficacy and tolerability of moclobemide compared with imipramine in depressive disorder (DSM–III): an Austrian double-blind, multicentre study. U. Baumhackl *et al* (S6) 78–83
Preclinical pharmacology of moclobemide: a review of published studies. Willy P. Burkard *et al* (S6) 84–88

Monoamine oxidase inhibitors.
A European study of views on the use of monoamine oxidase inhibitors. E. S. Paykel and J. L. White (S6) 9–17
Biochemical aspects of the pharmacology of moclobemide: the implications of animal studies. B. A. Callingham (S6) 53–60
Preclinical pharmacology of moclobemide: a review of published studies. Willy P. Burkard *et al* (S6) 84–88
The pharmacology of reversible monoamine oxidase inhibitors. R. Amrein *et al* (S6) 66–71
Tyramine and irreversible monoamine oxidase inhibitors in clinical practice. A. J. Cooper (S6) 38–45
Tyramine and new monoamine oxidase inhibitor drugs. G. M. Simpson and J. de Lion (S6) 32–37

Monoamine oxidase-A.
Biochemical aspects of the pharmacology of moclobemide: the implications of animal studies. B. A. Callingham (S6) 53–60
Effect of a reversible monoamine oxidase-A inhibitor (moclobemide) on sleep of depressed patients. J. M. Monti (S6) 61–65

Monoamine oxidase-A and B. The pharmacology of reversible monoamine oxidase inhibitors. R. Amrein *et al* (S6) 66–71

Mundt, Dr Ch. Commentary on the contributions of Professor H. Sass, Dr G. Gross and Dr Ch. Mundt *et al* on 'negative' and 'basic' symptoms of schizophrenia. Sir Martin Roth (S7) 37–40

Neural mechanisms. Neural mechanisms of negative symptoms. Nancy C. Andreasen (S7) 93–98

Obsessive–compulsive disorder (OCD). Obsessive–compulsive disorder as a 5-HT subsystem-related behavioural disorder. D. L. Murphy *et al* (S8) 15–24

Panic disorders. Antidepressants in panic disorders. M. R. Liebowitz (S6) 46–52

Platelets, blood. Serotonergic dysfunction in depression. Herbert Meltzer (S8) 25–31

Policy. Supplement policy of the *Journal*. H. L. Freeman (S6) 6

Post-mortem studies. Evidence for the 5-HT hypothesis of suicide: a review of post-mortem studies. J. J. Mann *et al* (S8) 7–14

Prognosis. The prognostic significance of negative symptoms in schizophrenia. Michael F. Pogue-Geile (S7) 123–127

Psychiatric disorders. Is there a relationship between serotonin receptor subtypes and selectivity of response in specific psychiatric illnesses? Stuart A. Montgomery and Naomi Fineberg (S8) 63–70

Psychology.
Psychological and social aspects of negative symptoms. John S. Strauss *et al* (S7) 128–132
Psychological treatments for negative symptoms. Peter Slade and Richard Bentall (S7) 133–135
The WHO Psychological Impairments Rating Schedule (WHO/PIRS)
I. Introducing a new instrument for rating observed behaviour and the rationale of the psychological impairment concept. M. Biehl *et al* (S7) 68–70
II. Impairments in schizophrenics in cross-sectional and longitudinal perspective – the Mannheim experience in two independent samples. H. Biehl *et al* (S7) 71–77

Psychopathology. The diagnostic specificity of negative symptoms and their psychopathological context. Ch. Mundt *et al* (S7) 32–36

Psychoses. The Manchester Scale: a standardised psychiatric assessment for rating chronic psychotic patients. Clive E. Hyde (S7) 45

Rats. Reduction of food intake by manipulation of central serotonin: current experimental results. S. Garattini *et al* (S8) 41–51

Sass, Professor H. Commentary on the contributions of Professor H. Sass, Dr G. Gross and Dr Ch. Mundt *et al* on 'negative' and 'basic' symptoms of schizophrenia. Sir Martin Roth (S7) 37–40

Scales.
see also **Hamilton Rating Scale for Depression (HRSD)** and **Schedules**
High Royds Evaluation of Negativity (HEN III) (S7) 92
PANSS rating criteria: negative scale (S7) 66–67
Rating of negative symptoms using the High Royds Evaluation of Negativity (HEN) scale. A. M. Mortimer *et al* (S7) 89–91
Scale for the Assessment of Negative Symptoms (SANS) (S7) 53–58
The Manchester Scale (S7) 46–48
The Positive and Negative Syndrome Scale (PANSS): rationale and standardisation. S. R. Kay *et al* (S7) 59–65
The Scale for the Assessment of Negative Symptoms (SANS): conceptual and theoretical foundations. Nancy C. Andreasen (S7) 49–52

Schedules.
Behavioural Observation Schedule (BOS) (S7) 81–88
Behavioural Observation Schedule (BOS), PIRS 2nd edition: a revised edition of the PIRS (WHO), Geneva, March 1978. Z. Atakan and J. E. Cooper (S7) 78–80
The WHO Psychological Impairment Rating Schedule (WHO/PIRS)
I. Introducing a new instrument for rating observed behaviour and the rationale of the psychological impairment concept. H. Biehl *et al* (S7) 68–70

II. Impairments in schizophrenics in cross-sectional and longitudinal perspective – the Mannheim experience in two independent samples. H. Biehl *et al* (S7) 71–77

Schizophrenia.

Commentary on the contributions of Professor H. Sass, Dr G. Gross and Dr Ch. Mundt *et al* on 'negative' and 'basic' symptoms of schizophrenia. Sir Martin Roth (S7) 37–40

Depression, affect and negative symptoms in schizophrenia. J.-P. Lindenmayer and Stanley R. Kay (S7) 108–114

Negative symptoms, tardive dyskinesia and depression in chronic schizophrenia. Thomas R. E. Barnes *et al* (S7) 99–103

Negative symptoms: relationship to other schizophrenic symptom classes. P. J. McKenna *et al* (S7) 104–107

The assessment of negative and positive features in schizophrenia. Eve C. Johnstone (S7) 41–44

The 'basic' symptoms of schizophrenia. G. Gross (S7) 21–25

The historical evolution of the concept of negative symptoms of schizophrenia. Henning Sass (S7) 26–31

The prognostic significance of negative symptoms in schizophrenia. Michael F. Pogue-Geile (S7) 123–127

The WHO Psychological Impairments Rating Schedule (WHO/PIRS). II. Impairments in schizophrenics in cross-sectional and longitudinal perspective – the Mannheim experience in two independent samples. H. Biehl *et al* (S7) 71–77

Three syndromes in chronic schizophrenia. P. F. Liddle *et al* (S7) 119–122

Serotonin.

see also **5-HT**

Central serotonin and impulsive aggression. Emil F. Coccaro (S8) 52–62

Is there a relationship between serotonin receptor subtypes and selectivity of response in specific psychiatric illnesses? Stuart A. Montgomery and Naomi Fineberg (S8) 63–70

Reduction of food intake by manipulation of central serotonin: current experimental results. S. Garattini *et al* (S8) 41–51

Serotonergic dysfunction in depression. Herbert Meltzer (S8) 25–31

Sertraline. Reduction of food intake by manipulation of central serotonin: current experimental results. S. Garattini *et al* (S8) 41–51

Sleep. Effect of a reversible monoamine oxidase-A inhibitor (moclobemide) on sleep of depressed patients. J. M. Monti (S6) 61–65

Social aspects. Psychological and social aspects of negative symptoms. John S. Strauss *et al* (S7) 128–132

Suicide.

Central serotonin and impulsive aggression. Emil F. Coccaro (S8) 52–62

Evidence for the 5-HT hypothesis of suicide: a review of post-mortem studies. J. J. Mann *et al* (S8) 7–14

Suicide and antidepressant overdosage in general practice. G. Beaumont (S6) 27–31

Symptoms.

see also **Features** and **Syndromes**

Commentary on the contributions of Professor H. Sass, Dr G. Gross and Dr Ch. Mundt *et al* on 'negative' and 'basic' symptoms of schizophrenia. Sir Martin Roth (S7) 37–40

Depression, affect and negative symptoms in schizophrenia. J.-P. Lindenmayer and Stanley R. Kay (S7) 108–114

Do negative symptoms respond to pharmacological treatment? John M. Kane and David Mayerhoff (S7) 115–118

Negative symptoms, tardive dyskinesia and depression in chronic schizophrenia. Thomas R. E. Barnes *et al* (S7) 99–103
